Objective

Motivated Computer Science student seeking an opportunity to apply my knowledge of programming, web development, and modern technologies to build practical solutions while continuously improving my technical and problem-solving skills. I have a strong interest in Artificial Intelligence. I actively engage in competitive programming to strengthen my analytical thinking and algorithmic problem-solving abilities.

Education

B. Tech in Computer Science Engineering

Anil Neerukonda Institute of Technology and Science, Visakhapatnam
2024 – 2028

Intermediate (Secondary Education)

Narayana Junior College, Visakhapatnam
2022 – 2024

Secondary School Certificate (SSC)

Sri Chaitanya School, palasa 2022

Technical Skills

Programming Languages

- JavaScript – To Do App
- Java – Applets, AWT, Swing Components
- Python, C++, C Web Development Technologies
- React.js, Node.js, HTML, CSS

Database Technologies

- SQL, Relational Database Management Systems

Development Tools

- Visual Studio Code
- Android Studio – Interactive Response Page
- GitHub & Git – DSA Visualizer

Conceptual Knowledge

- Artificial Intelligence fundamentals
- Problem solving and algorithmic thinking
- Web Application Development

- Full Stack Development

AI & Emerging Technologies

- Artificial Intelligence Fundamentals
- Prompt Engineering
- AI API Integration (Grok / LLM APIs)
- Chatbot Development

Projects

AI Chat bot:

Technologies: JavaScript, HTML, CSS, AI Chatbot Framework

- Developed an **AI-powered interactive chatbot** to provide campus-related information to students and visitors.
- Implemented features to answer common queries such as **campus facilities, departments, events, and navigation**.
- Used **JavaScript and AI-based logic** to process user questions and generate relevant responses in real time.
- Designed a **user-friendly and responsive chat interface** using HTML and CSS for smooth interaction across devices.
- Integrated the chatbot with structured campus data to ensure **accurate and quick information retrieval**.

Areas of Interest

- Artificial Intelligence
- Machine Learning
- Intelligent Software Systems
- Human-AI Interaction
- AI-powered Web Applications
- Data-Driven Decision Systems

Certifications

- NPTEL – Programming in Java, Problem Solving Through Programming with C
- HackerRank – Python (Basics), CSS(Basics)

Languages Known

- Telugu, English, Hindi
